

The Wimmera River Reserve is the site of the first Native Title Consent Determination in south-eastern Australia

Wimmera River Aboriginal Water Project

The Wimmera River Aboriginal Water Project is a project developed by Wimmera CMA and Barengi Gadjin Land Council to support community aspirations for the lower Wimmera River system and to help build relationships and opportunities.

It's an opportunity for Wimmera CMA and BGLC to work with community partners to develop information on local culture and traditional practices, uses of water and the Wimmera River environment.

The project will ensure local Aboriginal values and uses of water of the Wotobaluk, Jaadwa, Jadwadjali, Wergaia and Japakulk people are better incorporated in water resource planning and management in Victoria.
